All contracts between MathsMakers and schools/partner agencies will include a section referring to safeguarding.

MathsMakers also fulfils their safeguarding responsibilities by having the following:

## 2. General Principles

MathsMakers believes that children and young people have the right to be treated equally and to learn in a safe and friendly environment.

This policy is based on the following principles:

- the welfare of the child or young person is paramount
- all children and young people, whatever their age, culture, disability, gender, language, racial origin, religious beliefs or sexual identity, have the right to protection from abuse
- all suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately
- staff and volunteers are trained to understand the nature of abuse and to be alert to matters of concern
- all staff and volunteers have a duty to safeguard children and young people
- all staff and volunteers have a responsibility to report concerns to the designated persons with responsibility for child protection at the school and at MathsMakers.

We aim to safeguard children and young people by

- developing and implementing safeguarding policies and procedures including: child protection, online safety, health and safety policies and guidelines; a code of conduct for staff and volunteers, staff and volunteer procedures, complaints procedures and equality, diversity and inclusion policy
- sharing information about child protection and good practice with children and young people, parents and carers, staff and volunteers
- following carefully the processes for Safer Recruitment of staff and volunteers
- providing effective management for staff and volunteers through support, supervision and training
- ensuring that a Positive Behaviour Management and Attendance protocol is in place to foster a positive and responsible atmosphere amongst pupils.
- ensuring the development of an environment where pupils feel safe, secure, are encouraged to talk and are listened to
- ensuring that pupils know the supervisors whom they can approach if they are worried or in difficulty
- ensuring that every effort is made to establish effective working relationships with colleagues from schools/partner agencies and parents
- reviewing our policy and good practice regularly.
